

Subject: Partnering with St. Michael's: 2026-2027 Sponsorships

Dear St. Michael Families,

Welcome to the 2026-2027 school year! Our close-knit community is what makes St. Michael School so special, and we are reaching out to invite your family to partner with us as a school sponsor this year.

There are three meaningful ways you can make an impact:

- **Ask Your Employer:** Approach your company about becoming a corporate sponsor.
- **Business Sponsorship:** Sponsor the school directly if you own a business.
- **Personal Contribution:** Contribute a personal family sponsorship if you are able.

Your generosity directly funds essential resources and programs for our children, specifically targeting four key areas this year:

- **Technology Resources:** Funding student devices, software licensing, and upgrades.
- **Curriculum & Fine Arts:** Updating learning tools across all grades, including theatre and arts programs.
- **Classroom Support:** Supplying supplemental materials that enrich learning and support teacher retention.
- **Fellowship & Growth:** Supporting spiritual and personal growth retreats for both students and staff.

The attached document outlines our sponsorship tiers and the community recognition included. To ensure we can include your family or business in our yearly planning, please reach out by **July 10, 2026**.

Thank you for everything you do to make St. Michael School a wonderful place for our children!

With gratitude,

David & Dayana Patera
